

NEWS OF INTEREST FROM ALL PARTS OF THE STATE

RENO FUGITIVE IS NABBED IN SACRAMENTO.

Herbert J. Beadle, a resident of Reno, for the last two weeks, was arrested in Sacramento Monday night at the instance of Chief of Police Hillhouse, and will be brought back to face a charge of grand larceny and possibly of white slavery.

Beadle, when he came to Reno, brought a young woman with him and it was charged, he appropriated her jewels, valued at \$800 and \$40 in cash. He told her it was better that he keep the valuables as the possibilities of being held up in Reno were more than likely.

Beadle left a note informing the woman that he was going to Winnemucca on a visit. The case was reported to Chief Hillhouse, who surmised that Beadle was headed for the coast, and had taken No. 5 out. A wire to the Sacramento chief of police was responsible for Beadle's apprehension in that city. Hillhouse left for Sacramento and will return with his prisoner.

WILLARD THE NAME OF THE NEWEST GOLD CAMP

The new mining camp near Lovelock is to have the inevitable town-site attachment, and it has been named Willard in honor of the white man's hope realized, who licked the big "nigger" in Havana Monday. The embryonic "best mining camp on earth" is of so recent birth. As a matter of conjecture, the lots probably haven't been "pegged" as the Australians say, instead of staked.

The find is eight or ten miles northeast of Lovelock, three and a half miles from the main line of the Southern Pacific.

The first news of the strike to be received in Reno came to Zeb Ray from his brother, who was at Rochester, not far away, who at once went to the scene of the excitement. He wired Zeb to come out, that it looked good to him.

He has since written that high grade free milling rock has been found in an outcrop in two places. From the discovery claim \$2,000 was taken out in one day, the ore going from \$100 to \$400 a ton.

Ray was an early arrival and suc-

ceeded in getting some ground one claim on the strike of the 2,000 feet from where the first high grade was found. Of course, a lot of doors has now been located. The soners are still busy monumenting their claims and haven't got had time to look for ore in place, so no intelligent idea can be formed as to the value of the find.

WINNEMUCCA WILL BE MADE IMPORTANT TERMINAL.

A change of great importance to Winnemucca will go into effect on the Western Pacific next Monday when the new limited steel trains, Nos. 19 and 20 are put into service.

On and after that time the swing run for passenger trains between Winnemucca and Gardnerville will be discontinued. From Gardnerville, Cal., to Winnemucca, Crows at the east end will run from Salt Lake City to Winnemucca, at intervals of 10 days. Under the new arrangement, two passenger crews will run the Winnemucca and lay over here, instead of ten, the present number. It is estimated that in about 100 days in the passenger service will be the most important passenger terminal on the Western Pacific.—Star.

APPEAL NOTICE FILED

Notice of appeal has been filed with the clerk of the supreme court by the attorney general, in the case of Smith et al against the state of Nevada for the collection of \$5,000 as a reward for the arrest and conviction of Indian Mike several years ago. Judgment for that amount was allowed the plaintiffs by Judge Langan in the district court of Storey county several weeks ago.

BUYS SITE FOR POST OFFICE.

George Bartlett, assistant U. S. district attorney, has gone to Winnemucca to purchase the site for the new postoffice at that place. The site will cost \$5000 and the building \$60,000. It is stated that work on the new postoffice building will begin at once and an edifice that will be a credit to the growing town will be erected.

ATTORNEY IS STRICKEN AT PAROLE HEARING.

Alfred Chartz well known attorney of Carson City was suddenly stricken last Monday afternoon while attending a session of the state board of pardons. Chart was attacked so suddenly that it was impossible to definitely ascertain whether it was his heart or a case of appendicitis. He was hurried to his home and several physicians called to administer to him. At a late hour physicians declared that Chartz was in a most critical condition.

The board of pardons sat all day listening to arguments in behalf of inmates of the state prison for parole or pardon. There is a big list of applications before the board, and it may require several days before all cases are disposed of.

RENO JOCKY CLUB WILL HOLD RACES NEXT JULY.

Articles of incorporation of the Reno Jockey club will be filed with the county clerk within the next few days. R. H. Dunn of Winnemucca, will be president of the club. J. S. Harland, vice president and Emory J. Arnold, secretary.

With the filing of the corporate articles will probably come the decision for a definite racing period for the coming summer. The officers of the new company decided definitely to start the Nevada racing season at the close of the Denver meet, probably about July 7 or 8. With this idea in view, Dunn has closed negotiations for the lease of the race track and grounds of the Nevada Agricultural society, near the north city limits of Reno.

The track is now being placed in first class shape. Several of the sharpest turns are being rounded out and accommodations are being prepared to take care of at least 250 thoroughbreds. As far as possible the employees at the track during the time racing is on will be selected from Reno residents. The possibility of race meets in other Nevada towns was discussed but no definite action was taken. Besides the possibility of 30 day meets at Goldfield and Las Vegas, it is likely that short meets

may be held at Elko and Winnemucca.

The plans call for six races each day during the meet," said J. S. Harlan. Purses will be offered and the smallest of these will be \$250, and entries will be free for all events. I am going to California at once to confer with a number of owners of fine horses and I expect to be able to definitely announce some of the stables that will have entries upon my return. At the present time we have made reservations for strings of thoroughbreds that approximate 150 well known horse. Charles Boots Bud Kinkad, George Wingfield and Adolph Spreckles are among the owners who will race their best horses in Reno in July.

Harlan is probably one of the best known horsemen in the United States. He has raced strings of horses on nearly every track in the country and during his earlier connection with racing made books.

CHINAMAN'S ONE-STAMP MILL.

The Chinese have the reputation of being without initiative, but are generally reputed to be endowed with a great bump of imitation. The Mining Press, however, tells of a Chinese miner working near Searchlight, Nevada, who has shown great mechanical skill in the construction of a one-stamp quartz mill. The mill may be said to be made of junk, yet same. Yet, the builder claims that with it he can crush 800 pounds of ore a day and make a saving of 80 to 90 per cent. The cam is made from an old wagon wheel, the tappet is an old cog wheel, and the boss and shoe are made from the plunger of a pump. The mortar box is wood, with 40-mesh screens. A gasoline engine furnishes the motive power.

"LARRY" SULLIVAN IN BAD

"Larry" Sullivan, known throughout Nevada because of his alleged misdealings with the securities of defunct Sullivan Trust Co. of Goldfield, of which he was president, has turned up in Los Angeles. The Record of that city roasts him to a crisp because of his attacks on Sebastian, a candidate for mayor, and paints his name a bright crimson hue.

AMERICAN EXPRESS RECEIVES WESTERN PACIFIC PRIVILEGES.

Effective May 1, the American Express company, which has its Western headquarters in Salt Lake, will take over the express privileges on the Western Pacific, formerly held by the Globe express. This will give the American express an additional mileage and an entrance into San Francisco, which the company has been seeking for many years.

The company operates on lines to Los Angeles and North Pacific points but has been unable until now to gain an entrance into San Francisco.

BURKE BEAT IT.

James Burke, besides being a accomplished jail breaker. He demonstrated this Sunday evening, when he fled the bars in his cell at the city prison in Sparks and made his escape. Burke was being held on a charge of burglary, the actual crime being that of breaking into the jewelry store of Phil Moogk.

District Attorney Lunsford was making ready to go to Sparks to conduct the preliminary examination of Burke, when he received the news that the prisoner had escaped. A description of Burke has been sent throughout the state to police officials with a request that he be arrested and held for Sparks officers.

CYANIDE KILLS CATTLE

Eight cows, owned by different parties, recently fell victims to deadly cyanide water, which occasionally seeps down a gulch in Tonopah from the tailing ponds of the various mills of that district. A little calf was found nursing from its dead mother. A number of cows met a similar fate in the same gulch several weeks ago.

NEGRO WOMAN REGISTERS.

When the fifteenth amendment to the constitution of the United States gave the negro the privilege of voting, it failed to give the woman of that race the same right, but Nevada's recently enacted equal suffrage amendment gave her the right. And that she is going to exercise it was demonstrated Tuesday when

Bernice Hartley, domestic, in Reno, registered as a voter in the third ward. She is the first negro woman to register in the state as a voter, but others promise to follow suit before registration is closed.

TRACTOR KILLS MAN

Harry W. Osburn, whose son is said to be a resident of Nevada, was killed recently on the T. R. Lowe ranch, west of Woodland, Calif. He was working as a tender for a caterpillar tractor on the night shift and had walked ahead. He evidently did not realize how close the tractor was, and his foot was caught in the machinery. Before he could free himself the tractor passed over the entire length of his body.

CAR SEVERES TOES

Henry Miller, the 11-year-old son of A. Miller, proprietor of a tailor shop in Reno, was run over by a street car near the Riverside hotel in that town recently and lost part of his foot. It is said that the boy was riding a bicycle and either lost control of it or was run into by the street car. Four toes on his right foot were severed. The bicycle was undamaged.

CONDUCTOR BUYS HOTEL.

Harry Howland, a former well-known Southern Pacific passenger conductor, has purchased the Ventura hotel in Reno. The building is of three stories and is situated in Evans avenue, near Fourth. Howland has already let a contract involving some \$2,000 for the complete renovation and furnishing of the hotel, which he will reopen as a first-class family hotel.

HAVE NARROW ESCAPE.

Three women and several children in an automobile nearly ran into a dynamite explosion at Jean Wines ranch near Elko recently. Their machine was within 50 feet of a place on the highway where dynamite was being used to break boulders when the explosion occurred. The radiator of the car was wrecked and the wind shield broken, but none of the occupants of the car was injured.

EAST ELY, NEV.

The Ideal Location for Residences

EAST ELY is the central point of the district where the general offices and shops of the Nevada Northern Railway are located. All trains to and from all parts of the district arrive at and leave East Ely, giving it unexcelled suburban service.

☞ The homes are equipped with all of the modern conveniences to be had in any city---telephones, electric lights, modern plumbing and water as pure as any in the world.

☞ Those who desire to buy will be given the privilege of securing one of these homes on very easy terms, or you can rent at very reasonable prices.
